NOTE: After the issuance of said permit the above named applicant agrees to comply with the statutes of the **2022 California Fire Code, Title 24, Part 9**, Ordinances of the City of Dixon, and with the safeguards and other conditions prescribed by the head of the Dixon Fire Department. In addition to the above stated requirements, the facility shall be maintained and operated in accordance with all applicable reference standards, including but not limited to N.F.P.A., 30, 45, 101. The Dixon Fire Department reserves the right to inspect said location at any time for the duration of the permit.

[A] 105.1.1 Permits required.

A property owner or owner's authorized agent who intends to conduct an operation or business, or install or modify systems and equipment that are regulated by this code, or to cause any such work to be performed, shall first make application to the fire code official and obtain the required permit.

[A] 105.2 Application.

Application for a permit required by this code shall be made to the fire code official in such form and detail as prescribed by the fire code official. Applications for permits shall be accompanied by such plans as prescribed by the fire code official.

[A] 105.3 Conditions of a permit.

A permit shall constitute permission to maintain, store or handle materials; or to conduct processes that produce conditions hazardous to life or property; or to install equipment utilized in connection with such activities; or to install or modify any fire protection system or equipment or any other construction, equipment installation or modification in accordance with the provisions of this code where a permit is required by [Section 105.5](#) or [105.6](#). Such permission shall not be construed as authority to violate, cancel or set aside any of the provisions of this code or other applicable regulations or laws of the jurisdiction.
